To Whom It May Concern

It is a pleasure for me to recommend HiEDU fair.

We've been attending HiEDU fair in Russia for 5 years and it's definitely one of the best organized fairs we attend. The number and quality of visitors attending the fairs together with highly professional work of Open World Education Group team make this event very successful, effective and pleasant to participate in.

Last year we recruited 1 student for MA program at HiEDU Krasnodar, and 1 student for BBA program in Moscow. We expect that our mutually beneficial cooperation will continue.

Please feel free to contact me if you have any further questions regarding this reference.

Kind Regards,
Natalia Shustova
Regional manager Russia
